

The London & Brighton Plating Company Ltd

ENVIRONMENTAL POLICY

We are committed to the care of the environment and the prevention of pollution.

To achieve this the company has fully implemented an Environmental Management System that meets the current requirements of BS EN ISO 14001.

We will: -

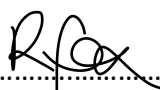

- Comply with current environmental requirements and ensure that its activities carried out adhere to the current codes of practice issued by the relevant controlling organisations.
- Set annual objectives, targets and review results to improve our environmental performance.
- Minimise waste, promote recycling, reduce energy consumption & reduce harmful emissions.
- To review this policy annually to ensure its relevance and suitability.

The company operates processes that are not regulated under the Environmental Protection Act 1990 but reviews and maintains requirements by the Environmental Agency and/or Brighton and Hove County Council.

Our environmental management system is continually measured to ensure that objectives and targets are communicated, implemented and monitored throughout the company and understood by all staff.
