

## REACH COMPLIANCE STATEMENT

Date 04/12/2017

Pages 1 of 1

Dear Customer

The EU regulation EC 1907/2006 which covers the Registration, Evaluation, Authorization and Restriction of Chemical substances is an EU regulation effective from 1<sup>st</sup> June 2016.

The purpose of this legislation is to regulate chemical substances of a Very High Concern, or SVHC's. The company takes great care to ensure adequate controls are in place at the facility to ensure human and environmental health is not affected.

Chemical substances under the REACH SVHC 169 list legislation is available at:

<http://echa.europa.eu/web/guest/regulations/reach/>

The London & Brighton Plating Company Ltd is a downstream user of any SVHC substances which may be used at the company's facility for metal finishing processes.

The registration of substances of Very High Concern or SVHC's are actioned by our Chemical Suppliers

The sunset date for Sodium Dichromate & Potassium Dichromate has passed. The company is now only permitted to use these chemicals on parts that are for aerospace or aeronautical applications.
